

Chat with **Steve Singular** on August 18, 1999 In IRC (Internet Relay Chat) in the #webbsleuths chat room

This chat is totally UNEDITED. There was a short section missing during the initial logging whereas the logger "Aquarius2" got disconnected from the Internet but that short section was located from another person logging the same chat and that short section has been inserted within this log to make it complete.

A reminder that nothing is sacred on the Internet. Every single person in this chat had the ability to log this chat. There is a section at [21:26] hours whereas Singular ask Jameson to scratch a comment he made and "she" promised him that section would not be posted. Jameson posted her version of the "Edited Chat" on her forum at www.webbsleuths.com shortly after removing Singular's comments. Later Jameson threatened "Maxi," a moderator at Murphy's Webbsleuths (the original Webbsleuths Virtual Sleuthing Community) and myself (ACandyRose) if this chat was posted unedited, that we would be barred from her chat room. Shortly after this chat another poster under the id of "Gsquared" posted the unedited version on Murphy's forum.

The sections in **BLUE** are where Steve Singular and Jeralyn entered the chat. Steve Singular was using the id of "**steve_co.**" This chat log contain ALL entries BEFORE, DURING and AFTER the chat with Steve Singular.

[19:29] -ChanServ- Discussion of the JonBenét Ramsey murder investigation

<Aquarius2> Hello

[19:29] <nelda> Hi

<Aquarius2> Hi

<Aquarius2> Came to get a good seat

[19:30] <jameson> Hi Aquarius - who are you?

<Aquarius2> Hi Jameson

<Aquarius2> I am fine tonight and you?

<Aquarius2> are you all excited about tonight?

[19:31] <jameson> I am fine, but WHO are you?

<Aquarius2> I am just poster. I saw on your forum that you were having this tonight

<Aquarius2> Is it okay?

[19:31] <dvus> mandyart...right

<Aquarius2> Not hardly

<Aquarius2> I was here the other night right after MandyArt got kicked out

<Aquarius2> they said she was having vision or something

[19:32] <jameson> You are welcome to stay as long as you don't cause a problem - with the recent problems in the forums you understand the question

<Aquarius2> Sure I understand
<Aquarius2> No problem
<Aquarius2> Who is MandyArt anyway LOL
[19:33] <nelda> vision?
<Aquarius2> That is what needle said
[19:33] <dvus> sugarplums?
[19:33] *** Afton is on IRC
[19:33] *** Afton (n_a@ABD48550.ipt.aol.com) has joined #WebbSleuths
[19:33] *** ChanServ sets mode: +o Afton
[19:33] <jameson> I don't know - lots of new hats for old trouble
<Aquarius2> I was in another chatroom and heard this mandy waas over here
[19:33] <jameson> Hi Afton
[19:33] <dvus> howdy affyton
[19:33] <Afton> hi everyone
[19:33] <nelda> Hi Afton
<Aquarius2> So I came here to ask her if she really knew the Ramseys
<Aquarius2> Hi Afton
<Aquarius2> But she was gone when I got here
[19:34] <jameson> SO.. you think the format is OK? Start at the top of the list - with Afton - and each gets a question and follow up.
[19:34] <Afton> I checked the logs, Mandyart was not in our chat, but you did bring up her name
[19:34] <Afton> when am I supposed to ask the question for LP
[19:35] <dvus> I was going to listen, is that oaky?
[19:35] <jameson> LP can be in Chanserv's spot.
[19:35] <Afton> she said she couldn't come
[19:35] <dvus> okay...lol
[19:35] <jameson> Then write pass when it is your turn, OK
<Aquarius2> Oh I thought she was here
<Aquarius2> Sorry
[19:35] <dvus> will do
[19:35] <Afton> I don't have a question myself but LP gave me two
[19:35] <jameson> If everyone can anticipate when their turn is coming, I hope we won't have too much lag
[19:36] <jameson> Also - Jeralyn will be here
[19:36] <Afton> wow that will be good
[19:36] <jameson> I do hope at least the first round will just be to Steve
[19:36] <jameson> :)
[19:36] <dvus> what if I end up with a question after listening a bit?...will there be a spce for that towards the end?
[19:37] <jameson> I figured wee would go down the list again - until the questions are done then just "chat"
[19:37] <dvus> or can we have a follow=up thread?
[19:37] <dvus> oh- that sounds good
[19:37] <jameson> No chat at first - too confusing - but certainly we want to open up to chat after.

[19:37] <jameson> and the chat WILL be posted - for everyone - and I don't care if they copy and paste.

[19:37] <Afton> Jams since I am at the top--please tell me when to start it

[19:37] <jameson> Steve said OK to post

[19:38] <dvus> lol- most of my questions always come after listening- go figure

<Aquarius2> Same here

[19:39] <dvus> Steve=Singular (sorry to be so dense)

[19:39] <jameson> Well, let me go for a minute to get coffee and watch him on Hardball last night - I taped it and want to review it. He said two kinds of fiber evidence on her body - I don't remember but one - want to see if I really heard that

[19:40] <dvus> is steve and singular one in the same?

[19:42] <dvus> so- was jameson saying he would answer questions on a thread?

[19:42] <nelda> I got off chat last night and turned on the TV by my bed to watch Singular. I really wanted to see it but I went to sleep before his part came on.

[19:42] <Afton> no here is chat bobo

[19:42] <dvus> it was just a tiny bit, nelda

[19:42] <dvus> aftre the chat, afton

[19:43] <dvus> I sometimes think about what was said and then get questions

[19:43] <Afton> no we are supposed to ask him questions while we are here

[19:43] <Afton> I start off then chanserv for LP and then you dvus

[19:43] <dvus> oh, I was in hopes we could have a follow-up type thread

<Aquarius2> Is he only going to answer questions or actually chat?

[19:44] <Afton> answer questions

[19:44] <dvus> I didn't much buy his theory last night

[19:45] <jameson> Boy - all done - that was SHORT!!!

[19:45] <Afton> jams said in the above that we each get a question AND A FOLLOW UP

[19:45] <jameson> hardly worth him getting dressed for

[19:46] <jameson> I see someone slept through it -

[19:46] <dvus> from what I understood him to say...he was saying the parents let JBR be taken out of the home for porn photos

[19:46] <jameson> so I will say what he said.

[19:47] <jameson> Asked about the guys sening 2 chapters of his book to the gj - he said the funny thing was that as soon as they indicated they would want to call HUnter into the courtroom to ask about porn in Boulder - the charges were dropped.

[19:48] <jameson> He called the Ramseys a "good family" and said that he felt they might have brought her around porn peopole who were associated with the pageants

[19:48] <jameson> and he said there was fiber evidence found on two areas of the body.... that's new to me

[19:48] <jameson> I expect we may have a few more people here - each can ask a question and a follow-up - then move down the list.

[19:49] <nelda> I am going to get my book and reread some parts. I meant to before now but have been so busy. brb

[19:49] <jameson> at the end we will offer any we missed to ask - then start over. Maybe after 2 roundws we can just chat

[19:50] <dvus> sounds like a plan

[19:50] <jameson> yeah - the best laid plans...
[19:50] <dvus> stop...you will jinx it...lol
[19:51] <dvus> I hope he just talks a bit or gives long answers
[19:51] <jameson> He and Jeralyn are looing forward to the chat
<Aquarius2> Has he ever been to MIRC before?
[19:52] <dvus> I hope those two bounce off each other a bit
[19:52] <Afton> I don't think so Aquarius
[19:52] <dvus> so we can kind of eaves-drop in a way
[19:53] <jameson> No - and she hadn't been in a chat before she visited us.
[19:54] <jameson> dvus - email me the jirc URL quick so I can send it to Darnay and Coffman - I want to invite them special
[19:54] <dvus> a new tid-bit would be really great, as case news has been so sloooow
[19:55] <jameson> well, I don't know what he will say - it seems like no one is saying much of anything
[19:55] <dvus> did you get it jams/ the message?
[19:57] <dvus> guess things being slow can be good, I have backed off my surfing and got some real world stuff done...lol
[19:57] *** BayBB has left IRC
[19:58] <jameson> yes
[19:58] <jameson> I have too - and started school
[19:59] <jameson> parallel and perpendicular and fractions and percentages.. EASY stuff - easier than whodunit
[20:00] <nelda> I have started back to work and can't get to my computer until night. What grade level?
[20:02] *** BayBB is on IRC
[20:03] <jameson> 5/6/7 depends on the subject.
[20:03] <nelda> Personal question. Sorry!
[20:03] <dvus> looks as if you were given a new whodoneit to solve, jams...with all this forum crud going on
[20:03] <jameson> np
[20:04] <jameson> yeah - but this is up to David and others - I am gust going to send him that part of the forum log -
[20:04] <jameson> he can figure out who - and I may send it to someone else - the person lft a trail.
[20:04] <dvus> I just wish all could play nice, doesn't seem too much to ask
[20:05] <nelda> A friend of mine is a kindergarten teacher. Today she was pretesting a little boy and showed him a picture. When she asked him what it was, he replied, "If you don't know what it is, how do you expect me to?"
<Aquarius2> YOu guys talkinga about who hacked the other webbsleuths?
[20:06] <Afton> LOL nelda
[20:06] <dvus> lol- that's cute nelda
[20:06] <Afton> both aq
[20:06] <jameson> Same person tried to attack ours,
<Aquarius2> Oh wow but they didn't wipe you out like they did the other
<Aquarius2> When was yours done?

[20:07] <jameson> David sold the software to both Murphy and me and he managed to save mine
<Aquarius2> Oh okay

[20:07] <dvus> they tried to spread hate and discontent, IMO

[20:07] <jameson> yesterday afternoon

[20:07] <Afton> just hacked my hat and used my password

[20:07] <Afton> and I couldn't get back in to post

<Aquarius2> How did you know that?

[20:07] <jameson> we had to reregister everyone

<Aquarius2> Oh they changed your password so you couldn't get back in?

[20:08] <jameson> how do we know what?

[20:08] <Afton> saw the post with Afton on it that was not posted by me

<Aquarius2> Afton said they hacked his name

[20:08] <jameson> Yeah - they posted using several names -

<Aquarius2> And I asked while he was answering

[20:08] <dvus> did my hat post?

[20:08] <Afton> what other ones jams

<Aquarius2> So you have an idea who did both places?

[20:09] <Afton> I wasn't reading at the time and just got on to see the Afton post

[20:09] <jameson> I deleted everything from a certain time on - didn't mark names - I think Batwoman was one

[20:09] <jameson> The ISP will show - the investigation is going on even as we speak

[20:09] <Afton> guess you didn't read my post in coffee aq

[20:09] <jameson> My server is sending me the logs of who was in the forum when -

<Aquarius2> Well that sounds like it will help both forums find the hacker

[20:10] <jameson> David will take it from there

[20:11] <jameson> yes

[20:11] <Afton> david is the designer of all three forums

<Aquarius2> Oh okay

[20:11] <dvus> I just hope the waters will settle after all this

[20:11] <Afton> doubt it bobo

[20:12] <jameson> It is his business - he has the means to investigate and prosecute if he wants - I will support him if he goes after someone

[20:12] <dvus> awww afton, don't burst my bubble

[20:13] <Afton> hurt the worst IMO was LADY

[20:13] <Afton> BUG

<Aquarius2> so when somebody hacks your place, they are really hacking his place, is that it?

[20:13] <nelda> That may have to happen to stop it.

[20:13] <dvus> I can't believe someone would wipe that out- pure meanness

[20:13] <nelda> They need to realize that it is a crime, not just a game.

[20:13] <Afton> that is what I am getting too AQ

[20:13] <jameson> He designs the software, installs and maintains it - you figure...

<Aquarius2> Oh okay, I didn't understand

[20:14] <Afton> he has the know how to look at the hacker

[20:14] <dvus> I just hope there is something that can be done, as it seems folks on the net can get away with anything short of murder

[20:14] <nelda> It won't be so funny if it hits them in the pocketbook or they sit behind bars a while and think about it.

<Aquarius2> Whoever id the other forum really did some damage though

<Aquarius2> everything looked like it got wiped out

[20:15] <dvus> I don't see how they could have thought it was funny

[20:15] <jameson> It isn't the first time - we have all been hit before

[20:15] <dvus> and I even have a twisted sense of humor

[20:15] <Afton> I would doubt he would prosecute, but to out them with an ISP and a hat behind it--that person will be black balled as well as hir friends

[20:15] <jameson> Youcan'ta? YOu think people like Melissa and CR are here for the case??

[20:16] <jameson> or Ruthee?

[20:16] <jameson> I don't think so

[20:16] <dvus> well, I think Ruthee is interested in case but is just as interested in jams

[20:17] <Afton> they are all interested in Jams

[20:17] <dvus> I have to admit, to be honest- I came at 1st just because of case but I have come to really like some posters

[20:18] <jameson> I haven't seen her write anything on case that wasn't linked to me

[20:18] <Afton> me too bobo

[20:18] <dvus> and think I woould have just drifted in and out reading if not for my liking some of the posters

[20:18] <jameson> I still hold almost everyone at arms length

[20:18] <Afton> going to tape GONE INTO THE NIGHT at 8CST

<Aquarius2> Oh is that on tonight?

[20:19] <dvus> can understand that, jams

[20:19] <jameson> Oh - thanks for the reminder - what network?

[20:19] *** Zia is on IRC

[20:19] <Afton> yes the second half

[20:19] <Afton> CBS

[20:19] <jameson> part 2

[20:19] <Afton> yes

<Aquarius2> :-(

[20:19] <dvus> ditto that frown...

[20:19] <jameson> whyfor :(

<Aquarius2> Cause I didn't get part 1

[20:20] <jameson> me either.

<Aquarius2> then we missed half the show

[20:20] <dvus> yep

[20:20] <dvus> funny! lol

[20:21] <Afton> but they will recap part 1

[20:21] <dvus> kiddo is telling hubby he doesn't need school

[20:21] <jameson> they might do a quick recap at the beginning.

[20:21] <jameson> lolo

[20:21] <Afton> and you can tape and and chat at the same time

[20:21] <dvus> because he is going to live in a cabin and take care of animals

[20:21] <jameson> HA! - maybe he doesn't, but YOU do!

[20:22] <dvus> this is true! that is what I tell him-- learn to spell REAL good- so you can teach me

[20:22] <jameson> I miss having my days - with the older kids I had my days (and sanity) hahaha

[20:22] <dvus> :)

<Aquarius2> Hey is the 911 tape out to hear now when John and Patsy called the BPD?

[20:23] <dvus> kiddo can tell the funniest stories I have ever heard

[20:24] <jameson> I thought they would be here by now - Jeralyn indicated they might come in early to get comfortable with things -

[20:24] <jameson> No - the 911 tape has NEVER been made public

<Aquarius2> Oh okay, somebody told me it was

[20:25] <dvus> it seems with the rumors out about that tape...

[20:25] <dvus> it might be more fair to let them be released

[20:25] <Afton> hey Jams I just had a great idea--get Hunter chat with us

<Aquarius2> What is your take on this story about some posters saying they are getting email from patsy?

[20:26] <dvus> I really doubt it

<Aquarius2> There is a poster on the other forum named 2+2 and he claims he is getting snail mail

<Aquarius2> Are they nuts?

[20:26] <jameson> Aquarius, I have met the Ramseys and assure you no one is getting email from Patsy

<Aquarius2> so why do you think they are doing that?

<Aquarius2> Saying that?

[20:27] <dvus> snail mail/ handwritten or typed/

[20:27] <jameson> He isn't getting snail mail from her either - I assure you.

<Aquarius2> That I dont' know dvus

[20:27] <jameson> Someone is pretending to be Patsy, maybe...

<Aquarius2> Pretty sick in my opinion to do that

[20:28] <jameson> or someone is lying about getting mail\

[20:28] <dvus> have they posted these mailings? like in a gif?

[20:28] <jameson> yeah

[20:28] <nelda> Either he is trying to fool someone or someone is fooling him.

[20:28] <dvus> agree nelda

<Aquarius2> Not that i seen Jameson, just posted the words

[20:28] <jameson> I don't think the mail has been scanned and put up

<Aquarius2> I didn't see anything like on a web page or that sort of thing

[20:28] <dvus> well- that would be better proof, no?

<Aquarius2> Just the postings on the other forum where they are talking about it

<Aquarius2> Yes it would

<Aquarius2> I don't recall reading anybody suggesting that either

<Aquarius2> Good idea

[20:29] <jameson> They wouldn't

[20:29] <dvus> I would- but I can't post there

<Aquarius2> Well that would prove it

[20:29] <nelda> I doubt if most people are taking it seriously.

<Aquarius2> I don't post there either
[20:30] <jameson> we are all banned there -

[20:35] <nelda> We have really been looking forward to see you. We enjoyed the chat with Jeralyn so much.

[20:36] <jameson> case news? It seems there isn't any anymore
[20:36] <Jeralyn> So if you have questions for Steve, why don't you ask some?
[20:36] <jameson> I have heard that no one in CO thinks there will be an indictment now

[20:43] <Afton> hi guys

[20:43] <Blue> I'd like to start by having you define the different kinds of child pornography... soft core, hard core etc. and talk about distribution methods amongst pedophiles a bit.

[20:43] <steve_co> by people attending pagents by judges in some cases

[20:43] <steve_co> by family members and others'

[20:44] <steve_co> there are 23,000 websites devoted exclusively to child porn that is very hard core

[20:44] <Blue> This is a figure from who?

[20:44] <steve_co> the world of advertising now holds what some might regard as soft core

[20:44] <steve_co> figure is from the United Nations

[20:45] <steve_co> the UN is starting to police it internationally

[20:45] <Blue> Havbe you found any hard core websites?

[20:45] <steve_co> yes. alt.binsary,etc

[20:45] <Blue> That is newsgroups

[20:45] <steve_co> yes

[20:45] <Blue> JonBent has not appeared in porn anywhere?

[20:46] <Blue> JonBenet

[20:46] <steve_co> it shows grphifc pix of five, six nd seven year olod being tied upn and sexuakky abused

[20:46] <Blue> Not JonBenet...perhaps Heather?

[21:10] <Snow_Wolf> steve, do you think it is high power people that is involved in the porn ring?

[21:10] <steve_co> yes. People in boulder-denver area were specifically ordered not to attend any more pageants as they were predators.

[21:10] <CarolinaG> steve do you have any idea where she may have been killed

[21:11] <Afton> who gave that order in Boulder

[21:11] <steve_co> I think she was killed in a makeshift photo/film studio in boulder.

[21:11] <jameson> Steve, I understand Jon Benet dressed herself in those panties that day - wore them all day and she was found in them - no one redressed her - and imagine anyone putting wet panties and longjohns on her - who would bother - and leave on a garrote? I don't think so.

[21:11] <theneedle> what people? who warned them? What do the operators of these pageants have to say?

[21:12] <steve_co> they were warned by certain mothers who saw the underbelly of the pageant world and got ride of certain people.

[21:41] <river> What friend?

[21:41] <river> When?

[21:41] <jameson> But what father for ANY reason lets two men take a 6 year old out of his house on Christmas night - I just don't believe there would be ANY reason you would, or my husband would, or John would

[21:41] <theneedle> and she comes back dead.....and he covers it up?

[21:41] <river> He didn't

[21:41] <river> No way!

[21:44] <mapek> but you feel john is guilty of allowing jon benet to be taken for a photo shoot that nite? then why did he take a sleeping pill?

I'm not saying my scenario is absolutely right, not at all. I'm saying the two other scenarios have produced no results at all. So it's time for new ones and new questions.

[21:50] <river> It's just a theory. no proof here.

[21:50] <CarolinaG> other people would have come forward, especially if they were in it for the money to tell their story

[21:50] <jameson> I just don't think they were that stupid that they would think that would be an innocent thing - and they have always been very protective parents of all the children

[21:50] <river> John's older children, ex-wife, nothing. there would be something if he were into stuff like that.

[21:50] <Qtner> the problem I have with the Singular hypothesis is the lack of supporting evidence linked to the Ramseys - if it's a gut feeling, that's fine - but I don't want to confuse the two
